COMPARISON & BUDGET

	This year	Last year	Budget
Officers	\$ 240.00	\$ 240.00	\$ 240.00
General Expense	2,245.39	1,855.76	2,000.00
Walks	678.20	596.45	700.00
Firemen	896.00	692.25	900.00
Fire Expense	2,595.55	1,496.73	2,000.00
	<hr/>	<hr/>	<hr/>
	\$ 6,655.14	\$ 4,881.19	\$ 5,840.00
Estimated Income:			
Fire Dept. appropriation	\$ 500.00		
Net taxes		5,696.78	\$ 6,196.78
		<hr/>	

With a recommended tax rate of \$.50 we would raise \$356.78 more than should be needed to meet the year's normal expenses. This amount together with the \$2,846.00 accumulated by the extra 15 cent tax for the construction of a sidewalk base and still in the balance of \$7,346.48 would leave the Village with approximately \$3,200.00 that could be spent for sidewalk construction. Any additional anticipated expenditure would require a tax in addition to the \$.50 if we are to maintain a cash balance of approximately \$4,500.00.

WILLIAM A. McGUIRE
 PERCY V. SHELTRA
 KENNETH G. MINER

REPORT OF PLANNING COMMITTEE

(1) The Planning Committee devoted the majority of their time this past year in the preparation of a Proposed Zoning Ordinance for the Village of Milton.

(2) A number of meetings were held where Zoning Ordinances from neighboring towns were studied and discussed with the idea that we could develop a plan that would best suit our needs here in Milton.

(3) In November, 1959 mimeographed copies, of the resulting proposal, were delivered to each household within the village. The Voters were asked to study the Proposed Ordinance and to attend the Public Hearing at the High School on December 10, 1959.

(4) Approximately 25 Voters attended the Public Hearing, at which time the proposed ordinance was discussed and suggested changes made as desired by the majority of the group attending.

(5) There will be a meeting in Burlington, of the Chittenden County Planning Board, in the near future. A representative from our planning committee will attend in order that we might acquire additional information that may aid in our planning.

Respectfully submitted,

W. A. McGUIRE,
MRS. M. J. VILLEMAIRE,
J. A. BOURGEOIS,
E. J. BARTLETT,
C. SWEENEY,

Planning Committee.

VILLAGE FIRE DEPARTMENT REPORT, YEAR 1959

We had 44 calls during the year, 2 more than last year. 24 calls were out of village limits and 20 within, as usual, more calls out of village than within.

The expense of the Department this year was quite heavy due to many grass fire calls.

The motor in our large pumper truck is getting old and requires much more attention to mechanical work.

Each year some of our old hose gives out and it must be replaced. We must purchase and replace four or five lengths of both $2\frac{1}{2}$ and $1\frac{1}{2}$ inch hose this coming season.

According to Fire Prevention Division for Department of Public Safety Report for July 1st, 1958 to July 1st, 1959, Milton had 5 claims for fire loss in the amount of \$22,350.00. While this is too much loss caused by fires, it is much lower than the loss in some of the other towns in Chittenden County. The total loss by fires in the county was \$225,220.00. During this period we must do everything possible to avoid fire loss.

According to the fire marshal's report juveniles were responsible for a very large percentage of fires. Playing with matches was one of the chief causes. Keep matches away from children if you possibly can. Not only valuable property is lost but there were 23 lives lost by fire in the state last year.

JOHN A. JACOBS, Fire Chief.

Roscoe Printing House, Essex Junction, Vermont

WARNING FOR ANNUAL VILLAGE MEETING—1960

The legal voters of the Village of Milton are hereby warned to meet at the Milton High School on the 8th day of March A. D. 1960 at 7:30 o'clock P. M. to transact the following business:

1. To elect a Moderator.
 2. To elect a Clerk.
 3. To hear and act upon the reports of the several Village Officers.
 4. To elect a Trustee for a term of three years.
 5. To elect a Treasurer.
 6. To elect an Auditor for a term of three years.
 7. To elect a Collector of Delinquent Taxes.
 8. To vote a tax on the Grand List of said Village for expenses and debt payment for the ensuing year.
 9. To take any action necessary regarding building additional side walks and to provide for the same.
 10. To see if the Village will vote to authorize its Trustees to borrow money in anticipation of taxes.
 11. To see if the Village will vote to pay its taxes to its Treasurer with 4 per cent discount if paid by July 10, 1960.
 12. To see if the voters of the Village of Milton will vote to increase the charge to the Town of Milton for Fire Protection and, if so, how much.
 13. To take any action necessary regarding the Engineer's Preliminary Planning Report for a Sewage System within the Village of Milton.
 14. To do any other business that may be proper when met.
- Milton, Vermont, February 10th, 1960.

COMPARISON AND BUDGET

	This Year	Last Year	Budget
Officers	\$ 250.00	\$ 240.00	\$ 250.00
General Expense	1,800.52	2,245.39	2,000.00
Walks	6,732.38	678.20	700.00
Firemen	1,023.00	896.00	1,000.00
Fire Expense	2,784.32	2,595.55	2,700.00
	<hr/>	<hr/>	<hr/>
	\$12,590.22	\$6,655.14	\$6,650.00

Estimated Income:

Fire Dept. appropriation	\$ 500.00
Net Taxes	6,160.52
	<hr/>
Total	\$ 6,660.52

With a recommended tax rate of \$.55 we would raise the money needed for the year's normal expenses. This figure is calculated by using \$500.00 as the Town appropriation to the Fire Department. If, however, the appropriation is increased the tax could be reduced accordingly and still maintain a cash balance of \$2,500.00. Any additional expenditures would require a tax in addition to that recommended.

PERCY V. SHELTRA

KENNETH G. MINER

Trustees

VILLAGE FIRE DEPARTMENT REPORT, YEAR 1960

The Department responded to 48 calls during the year 4 more than last year. 30 of these calls were out of village and in the town. 18 calls for fires were in the village limits.

It can be noted that about 70 percent of the expense of the Village Fire Department is in the town. This is injustice to the village tax payers and I strongly recommend that the town increase their appropriation to the village for fire protection.

I recently noted in the paper that the town of Essex voted to pay the Essex Jct. Village Fire Department \$2,000.00 per year for fire protection. I consider this very reasonable.

The pay for firemen alone during the year was \$1,071.00, and we had other quite heavy expenses for fire hose, over \$300.00 and necessary work on trucks.

Considerable of our fire expense in the town was due to the work of fire bugs, this trouble was cleared up by the state fire marshall's department. According to the fire marshall's report ending June 1, 1960 Milton had 5 claims for fire loss in the amount of \$4,100 and also according to the report juveniles were responsible for a large percentage of fires, playing with matches. Keep matches away from children if you possibly can. Not only valuable property is lost, but there were several lives lost in the state by fire last year.

JOHN A. JACOBS, Fire Chief.

WARNING FOR ANNUAL VILLAGE MEETING 1961

The legal voters of the Village of Milton are hereby warned to meet at the Milton High School on the 14th day of March A.D. 1961 at 7:30 o'clock P.M. to transact the following business:

1. To elect a Moderator.
 2. To elect a Clerk.
 3. To hear and act upon the reports of the several Village Officers.
 4. To elect a Trustee for a term of three years.
 5. To elect a Trustee for a term of two years.
 6. To elect a Treasurer.
 7. To elect an Auditor for a term of three years.
 8. To elect a Collector of Delinquent Taxes.
 9. To vote a tax on the Grand List of said Village for expenses and debt payment for the ensuing year.
 10. To take any action necessary regarding building additional sidewalks and to provide for the same.
 11. To see if the Village will vote to authorize its Trustees to borrow money in anticipation of taxes.
 12. To see if the Village will vote to pay its taxes to its Treasurer with 4 per cent discount if paid by July 10, 1961.
 13. To take any action necessary regarding the Engineer's Preliminary Planning Report for a Sewage System within the Village of Milton.
 14. To do any other business that may be proper when met.

FIRE DEPARTMENT REPORT

Submitted by George H. Lacharite 6 February, 1962

Since June, 1961 to this date, December 31, 1961 there was a total of fourteen (14) responses made by the fire department for incidents of diversified categories:

TOWN AREA: Eight (8) responses, broken down as follows:

Three (3) were for automotive incidents. (One (1) automobile and two (2) tractors)

One (1) was for a barn fire.

Three (3) were for grass and brush fires.

One (1) was for a outbuilding at a summer camp.

VILLAGE LIMITS: Five (5) responses, broken down as follows:

Two (2) domestic dwelling fires.

One (1) school fire (boiler malfunction)

One (1) business property fire.

One (1) pot roast fire.

GEORGIA TOWN: One (1) response for an automobile fire.

Breakdown of fire responses prior to June, 1961 are not available at this time.

Breakdown of expenses incurred by the fire department for the year are as follows:

Maintenance of fire station, equip. and supplies ..\$ 1,941.08

Complete payroll for fire fighters\$ 1,279.00

TOTAL\$ 3,220.08

Commentary:

A fire report may sometimes be compared against past reports as a gauge or measurement to determine whether this or past reports indicates a good or bad "fire year." This is misleading and should not be attempted, for the true measurements of this fire report lie in the amount of grief and discomfort that fire has caused to the people involved. This measurement is intangible for no one knows exactly how good or how bad. It has been a good fire year to those who have had no fires; it has been a bad fire year to those who have suffered a serious fire. No one can truthfully say that fire has affected one more than the other. This is why, we of the fire department maintain that the best firefighters we have are in the people themselves; people who are careful and conscientious in their attitude for fire prevention since fire never can hurt firefighters as it hurts those who are fire victims.

GEORGE H. LACHARITE, Milton Fire Chief

WARNING FOR ANNUAL VILLAGE MEETING 1962

The legal voters of the Village of Milton are hereby warned to meet at the Milton High School on the 13th day of March A.D. 1962 at 7:30 o'clock P. M. to transact the following business:

1. To elect a Moderator.
2. To elect a Clerk.
3. To hear and act upon the reports of the several Village Officers.
4. To elect a Trustee for a term of three years.
5. To elect a Treasurer.
6. To elect an Auditor for a term of three years.
7. To elect a Collector of Delinquent Taxes.
8. To vote a tax on the Grand List of said Village for expenses and debt payment for the ensuing year.
9. To take any action necessary regarding repair of sidewalks and to provide for the same.
10. To see if the Village will vote to authorize its Trustees to borrow money in anticipation of taxes.
11. To see if the Village will vote to pay its taxes to its Treasurer with 4 per cent discount if paid by July 10, 1962.
12. To do any other business that may be proper when met.

Milton, Vermont, February 27, 1962.

	<hr/>	<hr/>	<hr/>
	\$ 5,566.29	\$ 7,629.62	\$ 6,820.00

Estimated Income:

Fire Dept. appropriation	\$ 1,500.00
Net Taxes	5,700.00

Total \$ 7,200.00

With a recommended tax rate of \$.50 we would raise the money needed for the years' normal expenses plus the requested Fire Department equipment.

Regarding the December 31, 1962 cash balance of \$5,910.31, the trustees recommend that \$2,000.00 of this balance be set aside in a sinking fund for the future purchase of a fire engine.

If the above proposals are accepted we should close the 1963 business year with a cash balance of about \$4,000.00.

Any added improvements voted would require a tax in addition to that recommended if a substantial balance is to be maintained.

FIRE DEPARTMENT REPORT

Submitted by George H. Lacharite

6 February, 1963

The following is a list of responses made by the Fire Department in 1962.

Structural fires (dwellings & business)	9
Barns	3
Automotive	6
Grass, trash & brush	15
Respirator	1
Siren malfunction	2
False alarms	1
	—
Total	37

Your attention is called to the number of grass & brush fires that the Fire Department was called to extinguish. Generally these fires were started as "Controlled Burnings", but due to weather conditions and lack of supervision they became potentially dangerous.

It is requested that judgment and caution be exercised during the spring season to reduce this type fire.

Consideration must also be given to the possibility of a double alarm, where our one truck could respond to only one incident leaving one fire call at the mercy of the fire.

Fire loss in communities can be greatly reduced by a good fire prevention program. A good program of fire prevention means that qualified fire inspectors, through regular inspections throughout the community and with the aid of a set of specially designed municipal ordinances, correct and prevent potential sources of fire, thereby reducing possible damage by fire and eliminating many fires altogether.

We have no such program where this service is provided. A program of this sort is afforded only to communities blessed with a full time fire department.

Without this program there is one strike against us. So we must concentrate on the remaining two phases of fire department work, fire protection and fire fighting.

Fire fighting is self-explanatory. It is the work performed by firemen to control and extinguish fires by the method determined and dictated by the means and equipment available to them.

The key to our problem then lies in the phase commonly called "Fire Protection. **THIS IS YOUR RESPONSIBILITY.** The reason that this phase is your responsibility hinges on the fact that a community gears itself to a particular fire protection need that is dependent on such factors as terrain, water availability and dependability, population, height of buildings, special hazards and others. With these characteristics in mind a program is formed whereby the needed equipment is acquired.

In 1937 our present fire department was born. Since then its growth can be measured only by age. Physical and material growth has been limited and much smaller than the development which has taken place in our community over the same period. Village and town both are undergoing expansion at a rapid rate, but the fire protection need is being overlooked. **Great and rapid developments** are being made in fire fighting equipment that is leaving us bound in antiquated methods and equipment. The development of our community has outstripped the growth of our fire department and it is your responsibility to provide the funds to reconcile the two. The manner in which you react will determine the degree of fire protection afforded.

GEORGE H. LACHARITE, Fire Chief, Milton, Vermont

WARNING FOR ANNUAL VILLAGE MEETING 1963

The legal voters of the Village of Milton are hereby warned to meet at the Milton High School on the 12th day of March A. D. 1963 at 7:30 o'clock P. M. to transact the following business:

1. To elect a Moderator.
2. To elect a Clerk.
3. To hear and act upon the reports of the several Village Officers.
4. To elect a Trustee for a term of three years.
5. To elect a Treasurer.
6. To elect an Auditor for a term of three years.
7. To elect a Collector of Delinquent Taxes.
8. To vote a tax on the Grand List of said Village for expenses and debt payment for the ensuing year.
9. To take any action necessary regarding repair of sidewalks and to provide for the same.
10. To see if the Village will vote to authorize its Trustees to borrow money in anticipation of taxes.
11. To see if the village will vote a sum of money for the Bicentennial Celebration and if so, how much.
12. To see if the legal voters will authorize the trustees to propose regulations to accomplish Zoning.
13. To see if the Village will vote to pay its taxes to its Treasurer with 4 per cent discount if paid by July 10, 1963.
14. To do any other business that may be proper when met.

	<hr/>	<hr/>	<hr/>
	\$ 5,576.29	\$ 11,830.56	\$ 9,850.00

Estimated income:

Milton Town to Fire expense	\$ 1,500.00
Taxes at .65	7,670.00

Total \$ 9,170.00

With a tax rate at .65 we would raise the necessary money to
No. 1. Maintain our present system of replacing old hose and equipment in the fire department, about \$1,000.00.

No. 2. Repair sidewalks to the extent of about \$1,000.00.

No. 3. Put \$2,000.00 in the Fire truck fund.

No. 4. Carry out the normal expenses of the Village for the Firemen, Snow removal, hydrant rental, lights, etc.

Any additional money voted for any reason would require an additional tax.

The Trustees recommend that the \$2,000.00 per year for the Fire Truck fund be continued for one more year after 1964 and that serious thought be given to the purchase of a new fire truck.

In 1964 we plan to have the Village Planning Board in action once more and have a plan of future improvements to present to the voters. This past year the Planning Board was supposed to have worked with the Town Board as most of the problems are mutual ones but as only one meeting was held late in December not much was accomplished.

A Zoning Committee has been appointed and they are at present working on the Village Zoning Ordinance.

REPORT OF THE FIRE CHIEF

The fire department recorded forty-seven alarms during the calendar year of 1963. It is interesting to note that during the extremely dry weather period experienced last fall, only one grass fire was recorded. This is unusual since it was noticed by this fire chief, that despite the ban imposed by the governor, some people still insisted on burning their leaves and dried grass in open and unattended fires. I mention this because many calls were received from perturbed neighbors of persons burning grass and leaves and leaving the fires burning unattended late into the night. I would like to say that this was a poor time to contest the authority of the Governor.

The breakdown of the responses made by the fire department is as follows:

False alarm or siren repair	6
Miscellaneous	3
Chimney fires	8
Oxygen/resuscitator	1
House/barn fires	8
Automotive	4
Grass, brush, forest	17

For the past several years, the Fire Department has been making progressively heavier demands on the Village budget. To display a sense of fairness to ourselves and to the community, two ambitious projects were undertaken to bolster the Fire Department's general fund and in some way relieve the burden which was placed entirely on the taxpayer. With the money derived from these fund raising projects, we were able to purchase two self-contained breathing apparatus and turn-out clothing for all of the firemen. At a lump sum this represents about \$1200.00. In addition to this and at the time of this writing, arrangements are being made to purchase a water tanker capable of carrying a thousand gallons of water to a fire. This purchase was financed by the Town and the Village on a match fund basis.

All of these "earmarks of progress" will soon have our Fire Department as well equipped as most, even though there are two big factors left to reconcile, that of a new pumper and a larger fire station to house the new equipment and the fire department members. To achieve this end, the help of everyone will be needed. Our sinking fund, established last year for the purchase

of a new pumper, will reach four thousand dollars this year.

As a final statement, the Fire Department wishes to thank the Milton Women's Club for their donation to us. Our gratitude is also extended to Mrs. Richard Adams, Mr. and Mrs. Ornel Mayo and to Mrs. Josephine Guerin and the Milton grange and all who have been instrumental in providing funds for our new equipment.

REPORT OF THE ZONING COMMITTEE

At last year's Annual Village Meeting, the trustees were instructed to appoint a committee to prepare a zoning plan for the Village. A committee of 34 members representing a cross-section of the Village was appointed and an organizational meeting held on September 23, 1963. Committee members elected officers from among themselves; James M. Cutler being elected Chairman, and Thomas McGregor, Vice Chairman. Mrs. Pearl Marshall later accepted an appointment to serve as Secretary.

A zoning plan is basically a plan for land use. It establishes an orderly basis for the growth and development of a community. There is still room for development within the Village. Even present uses of land area will change.

We have a draft ordinance which we are working on and have held one meeting of the committee. It is not expected that the plan will be ready for consideration by the voters for several more months. We hope to come up with a plan which will be acceptable without a complexity of restrictions, yet one which will serve a useful purpose.

There is no statute or regulation which specifies that a zoning ordinance must control every move we make. We will include in this plan only those provisions which the committee feels will be beneficial to the Village as a whole, and will exclude those which impose restrictions without substantial benefit.

JAMES M. CUTLER, Chairman

WARNING FOR ANNUAL VILLAGE MEETING 1964

The legal voters of the Village of Milton are hereby warned to meet at the Milton High School on the 10th day of March A. D. 1964 at 7:30 o'clock P. M. to transact the following business:

1. To elect a Moderator.
2. To elect a Clerk.
3. To hear and act upon the reports of the several Village Officers.
4. To elect a Trustee for a term of three years.
5. To elect a Treasurer.
6. To elect an Auditor for a term of three years.
7. To elect a Collector of Delinquent taxes.
8. To see if the Village will vote to authorize its Trustees to borrow money in anticipation of taxes.
9. To vote a tax on the Grand List of said Village for expenses and debt payment for the ensuing year, said tax to be paid to the Village Treasurer on or before July 10, 1964.
10. To do any other business that may be proper when met.

Milton, Vermont, Feb. 10, 1964.
